

## About the Event

The Hospital at Home care model, which allows qualifying elderly and acute-care patients to receive hospital-quality treatment in the comfort of their own homes, offers many benefits to patients and providers, including reduced costs and improved patient experiences and outcomes. It also comes with a unique set of logistical challenges. At **Modern Healthcare's Hospital at Home Virtual Briefing**, hosted **April 14**, industry leaders will convene to discuss approaches to addressing these challenges and implementing this innovative care model.

## Attendee Profile

Attendees will include executives and leaders from hospitals, clinics, in-home care services, and health systems. Attendees are looking for thought leadership regarding the implementation and improvement of Hospital at Home care, as well as innovative solutions that help make this care model possible.

## Sponsor Opportunities

Sponsors of the **Hospital at Home Virtual Briefing** will have the opportunity to generate brand awareness and showcase their thought leadership to an audience of engaged attendees. Different levels of sponsorship are available to meet your organization's needs and goals.

### Benefits for sponsors include:

- **Logo and brand visibility in all promotional and event materials**
- **Opportunity to host a session or participate on a multi-sponsor panel**
- **Guaranteed tickets to attend for several members of your organization**
- **Access to a complete list of registrants (expected attendance of 350)**

All thought leadership sessions and panels are pre-recorded, allowing for a stress-free experience for sponsors. Attendees will be able to access the event "live" and for up to 90 days afterward.

### **Session Sponsorship - \$12,500 (Five Available)**

Includes brand exposure in all marketing and promotion for the event as well as a dedicated session where you can highlight best practices, thought leaders and/or client partners.
