

## About the Event

The shift toward more virtual health options is not just a response to the COVID-19 health crisis, but part of a larger trend of making healthcare more accessible, convenient and personal. Care providers who embrace this new normal can see improvements in their bottom line and their patient outcomes. At **Modern Healthcare's Virtual Health Virtual Briefing**, hosted **October 13**, industry leaders will convene to discuss the growing and evolving role of virtual health and its benefits for both patients and healthcare organizations.

## Attendee Profile

Attendees will include executives, care providers and other leaders from throughout the healthcare industry. Attendees are looking for thought leadership and dynamic solutions to help them navigate the ongoing virtual health transformation, including technology solutions and innovations in care models and business processes.

## Sponsor Opportunities

Sponsors of the **Virtual Health Virtual Briefing** will have the opportunity to generate brand awareness and showcase their thought leadership to an audience of engaged attendees. Different levels of sponsorship are available to meet your organization's needs and goals.

### **Benefits for sponsors include:**

- **Logo and brand visibility in all promotional and event materials**
- **Opportunity to host a session or participate on a multi-sponsor panel**
- **Guaranteed tickets to attend for several members of your organization**
- **Access to a complete list of registrants (expected attendance of 500)**

All thought-leadership sessions and panels are pre-recorded, allowing for a stress-free experience for sponsors. Attendees will be able to access the event "live" and for up to 90 days afterward.
