

About the Event

At **Modern Healthcare's Hospital of the Future Virtual Briefing**, hosted **February 10**, healthcare providers and executives will convene to discuss the ongoing transformation of hospitals into technology-driven, comprehensive care hubs. Healthcare industry leaders will share insights and strategies to address the major challenges that hospitals will face in the coming years, including changing workforces and processes, advancing technologies, increasing complexity of patient conditions and growing demands for in-home and community care.

Attendee Profile

Attendees will include hospital executives, care providers and other decision-makers from throughout the healthcare industry. Attendees are looking for forward-looking thought leadership and dynamic solutions from healthcare experts and innovators.

Sponsor Opportunities

Sponsors of the **Hospital of the Future Virtual Briefing** will have the opportunity to generate brand awareness and showcase their thought leadership to an audience of engaged attendees. Different levels of sponsorship are available to meet your organization's needs and goals.

Sponsor benefits include:

- Logo and brand visibility in all promotional and event materials
- Opportunity to host a session or participate on a multi-sponsor panel
- Guaranteed tickets to attend for several members of your organization
- Access to a complete list of registrants (expected attendance of 500)

All thought-leadership sessions and panels are pre-recorded, allowing for a stress-free experience for sponsors. Attendees will be able to access the event "live" and for up to 90 days afterward.
